\$3.5B+
AI content market by 2028

25%+
Annual growth in digital storytelling

<5min
Time to create a complete story

THE PROBLEM

- 70% want to create but lack writing or drawing skills.
- Global AI tools miss Vietnamese culture & local trends.
- Simple prompts fail to uncover deep ideas.

OUR SOLUTION

- AI storytelling platform – zero skills required.
- Smart Q&A Engine refreshed by real-time social trends.
- Create comics & text stories in under 5 minutes.

WHY NOW?

- AI content creation is exploding globally in 2026.
- Gen Z demands self-expression & deeply unique content.
- Social trends shift every day – creators need fresh inspiration.

HOW IT WORKS

- DISCOVER – Crawl & analyze social media trends.
- ANSWER – AI asks deep, personalized questions.
- GENERATE – Creates comics & story.
- SHARE – Publish, read, remix & grow together.
